Let the Great World Spin May 04 2023 NATIONAL BOOK AWARD WINNER • Colum McCann's beloved novel inspired by Philippe Petit's daring high-wire stunt, which is also depicted in the film *The Walk* starring Joseph Gordon-Levitt In the dawning light of a late-summer morning, the people of lower Manhattan stand hushed, staring up in disbelief at the Twin Towers. It is August 1974, and a mysterious tightrope walker is running, dancing, leaping between the towers, suspended a quarter mile above the ground. In the streets below, a slew of ordinary lives become extraordinary in bestselling novelist Colum McCann's stunningly intricate portrait of a city and its people. *Let the Great World Spin* is the critically acclaimed author's most ambitious novel yet: a dazzlingly rich vision of the pain, loveliness, mystery, and promise of New York City in the 1970s. Corrigan, a radical young Irish monk, struggles with his own demons as he lives among the prostitutes in the middle of the burning Bronx. A group of mothers gather in a Park Avenue apartment to mourn their sons who died in Vietnam, only to discover just how much divides them even in grief. A young artist finds herself at the scene of a hit-and-run that sends her own life careening sideways. Tillie, a thirty-eight-year-old grandmother, turns tricks alongside her teenage daughter, determined not only to take care of her family but to prove her own worth. Elegantly weaving together these and other seemingly disparate lives, McCann's powerful allegory comes alive in the unforgettable voices of the

city's people, unexpectedly drawn together by hope, beauty, and the "artistic crime of the century." A sweeping and radical social novel, *Let the Great World Spin* captures the spirit of America in a time of transition, extraordinary promise, and, in hindsight, heartbreaking innocence. Hailed as a "fiercely original talent" (San Francisco Chronicle), award-winning novelist McCann has delivered a triumphantly American masterpiece that awakens in us a sense of what the novel can achieve, confront, and even heal. **BONUS:** This edition includes an excerpt from Colum McCann's *TransAtlantic*. "This is a gorgeous book, multilayered and deeply felt, and it's a damned lot of fun to read, too. Leave it to an Irishman to write one of the greatest-ever novels about New York. There's so much passion and humor and pure life-force on every page of *Let the Great World Spin* that you'll find yourself giddy, dizzy, overwhelmed."—Dave Eggers "Stunning . . . [an] elegiac glimpse of hope . . . It's a novel rooted firmly in time and place. It vividly captures New York at its worst and best. But it transcends all that. In the end, it's a novel about families—the ones we're born into and the ones we make for ourselves."—USA Today

Oxford Latin Course Feb 18 2022 Designed for North American students, this special version of the Oxford Latin Course combines the best features of both modern and traditional methods of Latin teaching, providing an exciting, stimulating introduction and approach to Latin based on the reading of original texts. In this four-volume North American edition, the order of declensions corresponds to customary U.S. usage, and the spelling has been Americanized. In addition, it offers full-color illustrations and photographs throughout Parts I and II and an expanded Teacher's Book with translations for each part. Parts I-III (now available in hardcover editions) are built around a narrative detailing the life of Horace, now based more closely on historical sources, which helps students to get to know real Romans--with their daily activities, concerns, and habits--and to develop an understanding of Roman civilization during the time of Cicero and Augustus. Part IV (paperback) is a reader consisting of extracts from Caesar, Cicero, Catullus, Virgil, Livy, and Ovid. The second edition of the Oxford Latin Course has been carefully designed to maximize student interest, understanding, and competence. It features a clearer presentation of grammar, revised narrative passages, new background sections, more emphasis on daily life and on the role of women, a greater number and variety of exercises, and review chapters and tests. Each

chapter opens with a set of cartoons with Latin captions that illustrate new grammar points. A Latin reading follows, with new vocabulary highlighted in the margins and follow-up exercises that focus on reading comprehension and grammatical analysis. A background essay in English concludes each chapter. Covering a variety of topics--from history to food, from slavery to travel, these engaging essays present a well-rounded picture of Augustan Rome. The Oxford Latin Course, Second Edition offers today's students and teachers an exceptionally engaging and attractive introduction to the language, literature, and culture of Rome--one that builds skills effectively and is exciting to use.

A Senior Citizen's Pre-Election Workbook Sep 03 2020 Since I have been taught to never criticize without suggesting a solution I have made some that I believe would allow our elected officials to solve last century's problems before a decade or two of this century passes. Suggestions: SET ONE TERM LIMITS FOR ALL ELECTED OFFICIALS ALLOWING THEM TO WORK FULL TIME WITHOUT WORRYING ABOUT RELECTION. This would allow those who want to, to acknowledge GOD without the worry of being POLITICALLY INCORRECT harming their reelection chances. . ELIMINATE THE SECULAR LIBERAL'S PLANTATIONS OF DEPENDENCY . ELIMINATE THEIR MULTI-BILLION DOLLAR ABORTION BUSINESS . ELIMINATE THEIR SOCIALIST METHIODS IN THE BLOATED INEFFECIENT AND WASTEFUL GOVERNMENT AGENCIES After reading my workbook please make you own recommendations to your lawmakers. GOD BLESS Over the years, as a concerned citizen, I have written our elected officials and others asking why they quit using the proven guidelines of

the Bible when writing laws dealing with people. After not receiving an answer and seeing the decline of moral values in our country I decided to put together this workbook. As a Christian I have begged our elected officials to end the killing of millions of babies in their mothers' wombs with abortion on demand. I have also asked those who treat others as inferior to themselves by their actions of excusing individual responsibility and rewarding immoral behavior to eliminate their PLANTATIONS OF DEPENDENCY. Their actions have sentenced several generations to a sub par standard of living benefiting only themselves.
